Mr. Burton's Contest:

ABOVE EVERYTHING ELSE, Dr. Pierce's Golden Medical Discovery purities the blood. By this means, it reaches, builds up, and invigorates every part of the system. For every blood-taint and disorder, and for every dis-case that comes from an inac-tive liver or impure blood, it is the only remedy so sure and effective that it can be guaranteed. If it falls to benefit or cur-

they're like in treatment. Rouse up the torpid liver into healthful action, thoroughly purify and enrich the blood, and there's a positive cure The "Discovery" does this as nothing else can. Dyspeysia, Indigestion, Billionsness; all Bronchial, Threat, and Lung Affections; every form of Scrofula, even Consumption (or Lung-scrofula) in its earlier stages; and the most stubborn Skin and Scalp Diseases, are completely cured by it.

TO harm to look,--It'll pay you to. - You might know that a house with the reputation like ours at stake isn't going to tell "fairy stories" in the papers. -- We want you to see our \$15 grade of SUITS and OVERCOATSbecause we're confident they'll

please you. They certainly ought to. We've put time and talent and goodness enough in them. We know that \$15 doesn't sound much - especially if

you've been fooling with tailors' prices .-- If what they charge \$30 for will suit our \$15 grades are sure to, -- Something of a saving-\$15, --- You are not tied down to any style. -- You've more of a variety here than in a half dozen other stores - The cut of the garments is the latest-SINGLE and DOUBLE-BREASTED SACK SUITS and THREEand FOUR-BUTTON CUT-AWAY FROCKS and the OVERCOATS-all long as they

should be. By the way, have you thought about a business Suit for winter?

What's the matter with a DOUBLE-BREASTED SACK? There are going to be lots of them worn-and there are scores of neat effects among our stock .-- There is lots of style about them .- Lots of comfort and satisfaction in

You see if the SUIT only costs you \$15 and the OVER-COAT the same-you've got both for what you might have paid for one somewheres.
